Title of 2012 presentation: Strawberry River Improvement Project

Paragraph describing your 2012 presentation: A power point summary of a cost share program for Strawberry River Watershed. Landowners located within the watershed participate in practices to improve water quality of the Strawberry River and it's tributaries. The Strawberry River is used for recreation and is a popular fishing and canoeing stream. The SRI 319 project has the ultimate goal of water quality improvement in the watershed for current and future generations to come.

Please attach copy of your PowerPoint presentation so that it may be loaded before the start of the NPS Stakeholder Meeting. For more information, call Kristin Higgins at 501-671-2160 or e-mail khiggins@uaex.edu.
